Dear Mr. and Mrs. Whiting:-

As you know, during 1945 we had made two new recordings by the Inland Children's Chorus. It is with pleasure that I am sending you a set of these records as a token of our appreciation in seeing that we have regular attendance at the rehearsals.

I sincerely hope that you receive much enjoyment from the records.

Sincerely,

Director, Inland Children's Chorus.

Mailed 1952

Prior to 1956, two 12-inch 78 rpm records were typically delivered in cardboard packaging, as shown above.

From 1956 to 1959, albums were released on 10-inch 33 $\frac{1}{3}$ rpm records and distributed in plain white covers. The image above shows the cover from the 1960 albums in the larger 12-inch size that became the standard for 33 $\frac{1}{3}$ rpm records.
