Dear Shirley:

We are pleased to send you, under separate cover, two records made by the Inland Children's Chorus, as a token of our appreciation of your good work while you were a member of the Chorus.

We thought you would like to have a set of these recordings for yourself and hope that you will receive much enjoyment from them.

Sincerely,

General Manager.

Mailed 1952

Prior to 1956, two 12-inch 78 rpm records were typically delivered in cardboard packaging, as shown above.

From 1956 to 1959, albums were released on 10-inch 33 $\frac{1}{3}$ rpm records and distributed in plain white covers. The image above shows the cover from the 1960 albums in the larger 12-inch size that became the standard for 33 $\frac{1}{3}$ rpm records.
