The Inland Children's Chorus has reached a musical milestone, its 30th Christmas Concert. It was an occasion just like this in 1936 when 80 boys and girls raised their voices in unison for the very first time. Now, some 30 seasons later, the concert group is composed of 100 voices, the training group numbers another 105 and more than 2000 children have received musical training as members of the Chorus.
